I. Chairman's Message

Sh. Abdullah Bin Ali Bin Jabor Al Thani

Dear Commercial Bank Shareholders,

2015 marked significant milestones particularly in legislation pertaining to governance including the new Commercial Companies Law (promulgated by Law No. 11 of 2015) and governance instructions issued to banks by virtue of Qatar Central Bank's Circular No. 68/2015. This legislation aimed to enhance governance principles for the boards of companies operating in Qatar.

Accordingly, the Board of Directors of Commercial Bank is pleased to present the Annual Corporate Governance Report 2015 as per the guidelines and instructions issued by the Qatar Central Bank (QCB) on 26 July 2015 by virtue of Circular No. 68/2015, the new Commercial Companies Law (promulgated by Law No. 11 of 2015), Basel requirements, Qatar Financial Markets Authority (QFMA) and all applicable laws and regulations in Qatar.

Commercial Bank continued to take proactive measures to further enhance and commit to upholding the highest standards of corporate governance during 2015 as regulators and investors continued to ensure adoption of sound corporate governance practices and risk management. Through the combined efforts of the Board of Directors, the Executive Management and its employees, the Bank has adopted governance charters and documents, which demonstrate full compliance with regulatory requirements and the best practice in corporate governance.

At Commercial Bank, we have adopted robust corporate governance, which we believe is a fundamental basis in fulfilling our commitment to all the Bank's shareholders. Our aim now is to ensure full compliance based on the new changes to the regulatory framework and implementation controls issued by QCB to all licensed banks in line with its revised Corporate Governance Principles and Instructions. Recognising how paramount a strong corporate governance culture is to sustaining growth and profitability, Commercial Bank continues to adopt the best International practices of Corporate Governance as well as creating a robust compliance culture.

Abdullah Bin Ali Bin Jabor Al Thani

Chairman

II. Governance Framework

2.1 Introduction

Effective governance is, at its core, simply about doing the right things for the shareholders/stakeholders. It is enabled by having the right checks and balances throughout the organisation to ensure that the right things are always done. It comprises the processes and structures, which affect the way an organisation is directed, managed and monitored and its activities are reported, including: the elements of internal control, ethics, various risk functions, policies and procedures, internal audit, external audit and formal committees that promote greater transparency and facilitate efficient and effective management for the best interests of shareholders/stakeholders.

Commercial Bank believes that strong leadership and governance is vital to ensure high performance across all dimensions of the Bank's activities and in relation to the people and the communities in which it operates. The promotion of corporate transparency, disclosure, fairness and accountability is driven by a qualified and independent Board aided by a seasoned and experienced management team.

In fulfilment of the Bank's responsibilities to its stakeholders (being any person who has an interest in the Bank including shareholders, depositors, customers, employees, creditors and investors), the Board of Directors (the Board) has approved and adopted the standards and practices, which provide the framework for the Bank's corporate governance. Such standards are reviewed by the Board periodically to ensure that the Bank applies the best practices in corporate governance, and that these practices provide for the effective oversight and management of the Bank.

These standards are encapsulated in the Bank's governance charters, policies and documents, highlights of and compliance to which are detailed in the succeeding sections of this report.

Being a listed Qatari shareholding company engaged in banking activities, the Bank is also bound to adhere with the corporate governance regulations issued by the Qatar Central Bank (the QCB Corporate Governance Guidelines) and Qatar Financial Markets Authority (the QFMA Corporate Governance Code). In addition, the Bank seeks to adopt international leading practices for Corporate Governance, including but not limited to those developed by the Organisation for Economic Cooperation and Development (OECD), the Bank for International Settlements (BIS), and the International Institute of Finance (IIF).

2.2 The Board of Directors

2.2.1 Role of the Board and Executive Management

The Board is entrusted by the shareholders with the authority to govern the Bank, oversee its operations and provide effective governance over the Bank's key affairs, including the appointment and the oversight of the Executive Management (as well as establishing compensation, performance evaluation and ensuring succession planning), setting the Bank's vision and mission, approval of policies relating to the bank's long-term transactions, strategies including risk strategy, and bank's

objectives, ensuring the accuracy of its financial statements and returns (including the timely reporting and disclosure of financial information to regulators and shareholders respectively), evaluation of performance and assessment of major risks facing the Bank, and ensuring compliance with related laws and regulations as well as the Bank's Articles of Association (AOA).

In order to provide an organised and focused means of achieving the Bank's goals and to properly address issues in a timely manner, the Board has set up Board Committees in accordance with leading practices and applicable local governance regulations. In addition, the Board has assigned the day-to-day management of the Bank to the Executive Management subject to clear instructions and within the bounds of their delegated authority. In line with QCB Circular No. 68/2015 (5th Principle), the Executive Management is responsible for the implementation of the processes, activities and board resolutions according to the strategies and policies approved by the board and the bank's risk structure. The Executive Management is also responsible for preparing the Bank's Organisational Chart ensuring the sound distribution and delegation of authorities as well as the limit of responsibility and accountability.

Each Board Member exercises the fiduciary duties of care, loyalty and compliance with the rules set out in applicable laws and regulations including QCB Corporate Governance Guidelines, the Bank's governance documents and QFMA Corporate Governance Code. At all times, the Board Members are expected to act on an informed basis, in good faith, with due diligence and care, and in the best interests of the Bank and all shareholders/stakeholders in the fulfilment of their responsibilities and tasks towards the Bank.

The detailed roles and responsibilities of the Board are defined in the Board Charter. The Board Charter can be found on the Bank's website at www.cbq.qa and is also available in print to any shareholder upon request.

2.2.2 Approach to Governance

The Board understands that sound corporate governance practices are fundamental to maintaining the trust of its shareholders, which is also critical in business growth, sustainability and profitability.

Accordingly, the Board is committed towards embracing relevant corporate governance regulatory requirements and applicable leading practices. To this end, the Board ensures that the Bank adheres to the principles of corporate governance in its day-to-day activities at all times and ensures that the Bank remains up-to-date with any new developments as required by relevant regulatory authorities (e.g. QCB, QFMA...etc.) and the professional code of conduct.

The relevant Governance Charters and the Bank-wide Code of Ethics Policy can be found on the Bank's website at www.cbq.qa and are also available in print to any shareholder upon request.

2.2.3 Board Composition and Directors' Qualifications

In accordance with the Bank's AOA, Corporate Governance Charter, Commercial Companies Law (CCL) and other applicable regulations, the Bank currently has nine (9) Directors and none of them assumes executive (administrative) responsibilities, one (1) of whom is an independent member. The Board has five non-executive and four executive members (subject to QCB classification of board members by virtue of QCB Circular No. 68/2015).

The positions of the Chairman of the Board and the Chief Executive Officer of the Bank are not being held by the same individual.

Members of the Board possess personal qualities including loyalty, integrity, good reputation and credit worthy and hold the proper educational qualification, industry knowledge, expertise in the field of banking and international markets and the technical skills required to fully, professionally and effectively carry out assigned roles and to provide leadership and supervise management in order to ensure maximisation of shareholder wealth. The Directors are also committed to provide the required amount of time and attention towards the accomplishment of their duties for the duration of their tenure.

2.2.4 Electing Directors

The Board Remuneration and Nomination Committee is tasked to uphold the transparency in the nomination process for Board membership. This Committee is responsible for recommending Board Members' appointments and nomination for election in the General Assembly, as well as conducting the annual self-assessment of the Board and Board Committees' performance.

Nominations and appointments are made in accordance with formal, rigorous and transparent procedures in line with the Bank's AOA and relevant governance charters. Members of the Board shall be elected by the General Assembly for a period of three years, and a director may be re-elected more than once.

New Board Members have been elected to the Board in 2015 as follows:

1. Mr. Hassan Bin Hassan Al Mulla, representing Hassan Bin Hassan Al Mulla & Sons Co., replaced Late Mr. Abdullah Al Mannai.
2. Mr. Ali Saleh Al Fadala, representing Qatar Insurance Company, replaced Mr. Ali Al Mannai

In the event that a Director is convicted of an offense of dishonour or breach of trust or is declared bankrupt or absents himself for more than three consecutive meetings of the Board or five non-consecutive meetings without an excuse that has been accepted by the Board, the Director's membership to the Board shall be deemed terminated. Further details relating to the election and removal from office of directors are provided in the Bank's AOA and the Bank's Corporate Governance Charter.

During 2015, in compliance with leading practices and corporate governance regulations and charter, the Board and Board Committees have completed their annual self-assessment for 2015.

2.2.5 Directors' Responsibilities

Board Chairman

The Chairman is responsible for ensuring the proper functioning of the Board in an appropriate and effective manner including timely receipt by the Board Members of complete and accurate information.

The comprehensive responsibilities of the Board Chairman are defined in the Directors' Job Descriptions, which are in line with applicable laws and regulations.

The key responsibilities of the Board Chairman include:

- *Strategic*
 - Leading the Board to provide strategic direction to the Bank and partnering with the Chief Executive Officer (CEO) to achieve the Bank's vision and objectives.
 - Encouraging all Board Members to fully and effectively participate in dealing with the affairs of the Board to ensure that the Board is working in the best interest of the Bank.
 - Monitoring the Bank's performance through periodic updates provided by the CEO and offering recommendations in light of the approved plans.
 - Keeping the Board focused on Governance, and away from management and operational duties. This responsibility flows from a clear conception of the Board's objective to govern the Bank within its defined role. With this definition in mind, the Chairman must make sure that the Board stays focused on the issues falling within its own domain, and not on those properly assigned to the management.
 - Ensuring that the Board discusses all the critical issues in an efficient and timely manner.
 - Being extensively involved in the long-term strategy formulation and taking on some degree of explicit responsibility for the development of a long-term strategic perspective for the Bank, in parallel with the Board's collective role.
 - Representing the Bank externally in key initiatives such as efforts to access new markets or key negotiations on important deals for the Bank.
 - Maintaining sufficient contact with the major shareholders to understand their issues and concerns and make sure that the same are duly communicated to the Board as a whole.

- **Operational**
 - Ensuring that the Bank maintains positive and productive ties and communication with the media, ministries, regulators and other organisations. In this capacity, the Chairman serves as an official spokesperson for the Bank.
 - Leading Board discussions. As the bulk of the contributions made by Board Members occur at Board meetings, it is essential that the Chairman leads these meetings to deal with all issues on the agenda, and also in a manner that unlocks the value that each Board Member is capable of contributing.
 - Taking an active interest in ensuring that the right people are selected as Board Members, that they complement each other and function well as a group, and that there are sound mechanisms for evaluating the performance of individual Board Members, and the Board as a whole, at least annually.
 - Communicating concerns about a Board Member's performance to the individual in question; but it should be clear that what the Chairman is conveying is the product of a well-designed process, and not his own personal judgment about that individual.
 - Ensuring that the Board is properly carrying out the delegated responsibilities in accordance with the Board Charter.
 - Assisting and making arrangements for the Board Members to continually update their skills and the knowledge, especially in the area of corporate governance and risk management, required to fulfil their role both on the Board and the Board Committees.
- **Administrative**
 - Managing the Annual Board Calendar and Meeting Agendas and overseeing the planning of the Annual Board Calendar, including the scheduling of meetings and the substantive allocation of recurring topics.
 - Assuming a leading role, working closely with the CEO, and consulting with other Board Members, in producing the agendas for each BOD meeting and in reviewing the agendas developed for committee meetings by their chairs.
 - Approving the call for the General Assembly in terms of invitations and publications and overseeing the timely circulation of the same to authorities and shareholders.
 - Signing the Bank's financial statements for the financial year end that was presented by the Bank's external auditor, together with one member of the Board.
 - Overseeing that the decisions of Extraordinary Meetings are published if they include any amendments to the Bank statute, following the applicable regulations.
 - Ensuring that Board Members receive appropriate and timely information from the management.

Non-Executive Directors' Responsibilities

Directors shall be given appropriate and timely information to enable them to maintain full and effective control over strategic, financial, operational, compliance and governance issues of the Bank.

Directors shall act in accordance with the Bank's AOA, Commercial Companies Law, other applicable laws and regulations and the Bank's governance charters.

Other than resolutions passed at each Annual General Assembly absolving the Board from responsibility and the provisions of the AOA stipulating that disputes against Directors can only be brought in accordance with a resolution by the General Assembly, there are no provisions in effect protecting the Board and Executive Management from accountability.

The responsibilities of the Non-Executive Directors are as defined in the Directors' Job Description and as prescribed in the rules set out in applicable laws and regulations. These include:

- Being actively involved in Board meetings and providing input to Board activities as stipulated in the Board Charter.
- Assisting and providing opinion on the Bank's strategic and business planning processes and constructively challenging proposals on strategy.
- Monitoring management's performance in achieving agreed goals and objectives and scrutinising the Bank's performance reports.
- Reviewing the integrity of financial information and ensuring that the Bank's financial controls and systems of risk management are robust and defensible.
- Ensuring that the Bank and Shareholder interests are preserved and prioritised, especially in 'conflict of interest' situations especially if and when any of the Board Members or Executives is involved in such conflicts.
- Participating in the development of protocols relating to corporate governance and ensuring their implementation in a consistent manner.
- Being available to shareholders if they have concerns, which have not or cannot be resolved through contact with the Chairman and the CEO or if such contact is not appropriate.
- Consulting an independent external advisor at the Bank's expense if necessary.

The CEO relies on a number of internal committees in the day-to-day management of the Bank. Based on the governance requirements and broad nature of operations, seven (7) committees were formed. Decisions are formalised if the required quorum is achieved, including the Chairman or his deputy. All decisions shall be unanimous.

A summary of their main activities is documented in the Risk Charter as discussed below.

- *Executive Committee (EXCO)*

- EXCO is chaired by the CEO and meets on a regular basis, monthly, or as required by the business. Its principal function is to develop the annual business plan and budget for the Bank, and to monitor performance against these.

- *Management Risk Committee (MRC)*

- The MRC is the highest management level authority on all risk-related issues facing the Bank, and reports on all risk policy and portfolio issues to the Board Risk Committee. It monitors and controls levels of credit, retail and operational risk to ensure that the risk strategies and policies approved by the Board are adhered to and implemented. The MRC also sets up and monitors the policies and procedures relating to the management of business continuity.
- The Chief Risk Officer serves as Chairman of the MRC, which meets at least four times a year, and more frequently if necessary.

- *Asset and Liability Committee (ALCO)*

- ALCO is a decision making body for developing policies relating to asset and liability and market risk management with the objective of maximising shareholder value, enhancing profitability and protecting the Bank from facing adverse consequences arising from changes in extreme market condition and compliance with regulatory guidelines. Its key functions are to formulate policies on market risk, liquidity risk and interest rate risk, and to ensure that such risks are effectively assessed, controlled, monitored and managed.

- The Chief Financial Officer serves as Chairman of ALCO. Meetings of ALCO are held once a month or more frequently if necessary, particularly in the case of a volatile operating environment.

- *Special Assets Management (SAM) Committee*

- *Special Assets are those assets of the Bank which require extensive monitoring and control in order to minimise risk, prevent losses, maximise recoveries and restore profits through rehabilitation, restructuring, workout, collection or legal actions.* The SAM Committee supervises these activities, reviews related policies and procedures and monitors actions being taken on all accounts within the Special Asset portfolio.

The Committee ensures that a bank-wide Crisis Management Plan (CMP) is developed and communicated to all stakeholders. The Bank's Crisis Management Plan has been reworked to provide a framework for all potential crisis management activities. It defines our intent, sets out our approach and is designed to be easy-to-follow and user-friendly.

- The Committee has formed an official Crisis Management Team to provide a management response in times of crisis. The Team, led by the Chief Executive Officer, has received bespoke crisis training and is formed by staff across the Bank's Strategic Business Units. A Crisis as defined by Commercial Bank is "an abnormal, unstable and complex situation, with a wider impact than that of an incident or emergency, but which threatens the strategic objectives, reputation or existence of the organisation."

- It also ensures formal drills and training are conducted and a comprehensive communication process is developed regarding Crisis Management. In the event of an incident, which may conceivably result in the activation of the Bank's Crisis Management Plan, the Bank's Call Tree will be used to communicate the incident to the CEO, who will decide whether the Bank's Recovery Plans require to be actioned or not. In the event that the Bank's Recovery Plans are activated this will be rapidly communicated to all stakeholders by way of activation of the Bank's mobile phone Call Trees.

These core values are embodied in the Board-approved Risk Charter and Risk policies which outline the enterprise-wide risk management activities of the Bank and detail high level organisation, authorities and processes relating to all aspects of risk management.

The Bank follows the "three lines of defence" model, to Enterprise Risk Management, whereby responsibility and accountability for risk management within each line are well embedded and practiced, cascading from the Board of Directors, Board-level Committees, Management-level Committees, Executive Management and Employees.

Within Commercial Bank, risk management is based on the banks strategy and its risk appetite both set by the Board of Directors. - Performing independent assessments of the quality of the Bank's various credit portfolios. A Credit Review team within Internal Audit function undertakes this role;
- Providing consulting services to the Bank's Executive Management and businesses such as special reviews of new projects, systems/applications, outsourced facilities, and policies and procedures. In this role, Internal Audit will maintain its independence and objectivity and will not assume responsibility for the management, design or implementation of new processes, products, systems or applications; and
- Performing unscheduled/ad hoc tasks such as fraud investigations and other assignments at the request of the Board Audit and Compliance Committee, the regulator or the Bank's senior management, as and when necessary.

The Internal Audit function regularly makes recommendations to the Bank's management on areas where controls could be improved or where better adherence is required. Despite the existence of such recommendations, there have been no instances of major control failures that have or could have had an impact on the Bank's overall financial performance. In addition, results of the aforementioned assessment showed that the Bank's internal controls, risk management and governance processes were adequate and operating effectively. There were no material risks, weakness or instances of non-compliance which were beyond the Bank's risk tolerance level.

In line with the 2015 Internal Audit Plan, the Department issued and submitted a total of 34 Internal Audit Reports and Investigation Reports to the Board Audit and Compliance Committee. These reports in total covered 171 units within the Bank's inventory of "auditable units", with certain units, including the majority of the Bank's branches, being covered in more than one audit assignment. All key recommendations with respect to these reports are presented and discussed during the Board Audit and Compliance Committee meetings, with 7 meetings of this committee being held during 2015. The Bank's management proactively and timely responds to all recommendations made within Internal Audit reports, such that there was no requirement for the Bank's Board Audit and Compliance Committee to become involved in ensuring the resolution of any such matters. However, there is a Governance framework in place to enable the escalation of issues to the Board Audit and Compliance Committee in need.

Additionally, the Internal Audit function undertook 2 ad hoc assignments which, in certain instances, did not result in a formal report being issued to the Board Audit and Compliance Committee.

As of the end of December 2015, the Department is composed of 15 auditors.

2.10 External Audit

In line with the Bank's AOA and Corporate Governance Charter, the Bank maintains effective and candid communication with its shareholders, which enables them to understand the business, its financial condition and its operating performance and trends. The Board is committed to continually uphold the rights of its stakeholders and ensure that stakeholders' interests are adequately considered in the legal and business decisions that the Bank will take. Such commitment is captured in the Bank's Corporate Governance Charter which highlights the adoption of the highest standards of integrity and transparency in all its business activities and dealings.

Furthermore, the Bank adopts a process in managing an open and transparent dialogue and communication with its stakeholders. In addition, the Bank endeavours to maintain equitable and fair treatment of all its stakeholders. To promote ethical conduct, the Bank has rolled out a Bank-wide Code of Conduct which stipulates the ethical principles that each employee must demonstrate.
