# Wealth Management Services

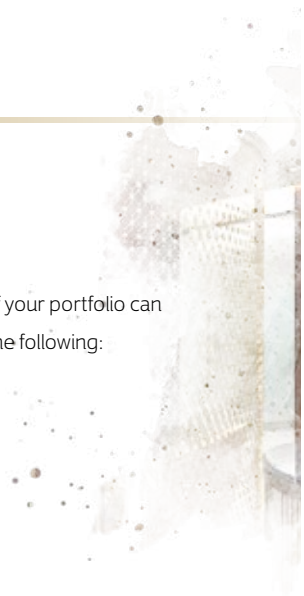

---

We offer a comprehensive range of Wealth Management Services whenever you need them.

Our long history and outstanding pedigree in the financial and investments sector in Qatar makes us the ideal partner to help you manage your wealth. As a Premium Banking member, you will benefit from our unrivalled local knowledge and financial expertise, combined with the highest levels of personal service and attention. We are committed to providing investment options to help you choose suitable products for your goals and risk tolerance.

We offer a range of products and services designed to provide personal wealth and asset management solutions that take advantage of short, medium or long-term capital growth, to help grow your portfolio. With a team of qualified wealth advisors, you have the opportunity to build tailored solutions through a consultative approach.

Products that can form a part of your portfolio can include, but are not limited to, the following:

## Fixed Income / Bonds

If you are seeking a regular income from your investments but do not want the risk of equity market, we offer a range of fixed-income opportunities from around the world. You can buy and sell bonds from our extensive range of investment grade, government and emerging market bonds. Our bonds are available in a wide range of currencies, ratings and maturities based on your goals and risk tolerance. Minimum investment amounts can vary depending on the Bond issue.

# Mutual Funds

Mutual Funds are an efficient way to diversify your investments locally or internationally. They are professionally managed investments that pool money from many investors to purchase securities in equities, bonds and other instruments. Commercial Bank offers a range of mutual funds from globally recognized Fund managers and Asset Management institutions. These pooled funds are available in various foreign currencies and help you diversify risk and reduce investment costs while accessing a wide variety of markets. With as little as QAR 10,000 equivalent in USD, GBP or EUR you can begin your investment journey into global products and benefit from investment diversification, professional management and daily liquidity. Commercial bank has access to Global International Funds and also offers access to the Qatar and GCC markets through its flagship Al Waseela that was launched in 2007.

## International Investment Plan (IIP)

Commercial Bank's International Investment Plan is designed to allow investors to participate in a savings plan by contributing a fixed amount of money regularly on a monthly basis. The Systematic Investment Plan, commonly known as SIP, is an investment vehicle offered by mutual funds to investors, allowing them to invest small amounts periodically (systematically) over time and benefit from the concept of Dollar Cost Averaging (DCA). It provides access to a wide range of professionally managed global funds for as little as USD 300 per month (QAR 1,100) of monthly contributions and where the minimum initial investment required to commence your plan is USD 1,000. You can also switch between funds during your investment period at no additional cost.

# International Share Trading

With our international share trading platform and the CB International Share Trading App, you can have access to trade in listed Shares and Exchange Trade Funds across global stock exchanges such as the U.S., U.K., major European markets and Hongkong.

Easily manage and track your own portfolio at your convenience with the online trading platform or through the CB International Trading App.

Commercial bank offers a wide range of investment solutions and can tailor options based on your needs and risk tolerance. For a detailed session with one of our qualified wealth advisors, setup up an appointment by emailing [invsales@cbq.qa](mailto:invsales@cbq.qa) and one of our qualified advisors will reach out to you.

# Credit & Finance Services

---

We provide personally tailored credit solutions to support your both short and long-term financial goals.

A key consideration of any sophisticated wealth management strategy is liquidity. Whether you are looking to release equity in an existing property or raise finance to fund a new venture we can structure terms and repayments to suit you.

We pride ourselves on our ability to manage lending requests quickly and efficiently, offering our members an array of credit services.

- Property finance
- Borrowing against a range of assets
- Liquidity options

The image features a stylized, artistic representation of a bank branch entrance. The entrance is framed by a dark, arched structure with the bank's name in Arabic and English, and its logo. The scene is overlaid with a light, textured wash and a pattern of small, dark dots. The background on the left is a repeating geometric pattern of interlocking circles.
